Summer Internship: Graphic/Publications Design

The Iowa Environmental Council is looking for a Graphic/Publications Design Intern with exceptional software skills and strong design talent to gain practical experience and contribute on a wide variety of print and electronic projects. **Must** be skilled at designing in Adobe Illustrator, InDesign and Photoshop. This is an excellent opportunity for the individual who wants to build a portfolio to showcase your talents to prospective employers. This is an unpaid, 20 to 30-hour/week summer internship, located in Des Moines, Iowa.

Specific summer projects include:

- Assist with design of an annual conference logo, printed program, posters, and ads
- Assist with design and layout of a printed annual report
- Assist with design and layout of a 4-page printed newsletter
- Assist with design of small ads for placement in electronic and printed newsletters
- Conceive of and take digital photos, based on environmental concepts, for use on our website, Facebook and in print publications

Website design and/or video editing experience considered a PLUS. No phone calls please. Application **DEADLINE: April 16**. Send resume and samples to: Lynn Laws, Iowa Environmental Council, 521 East Locust, Suite 220, Des Moines, IA 50309.

Job Opening: Land Projects Associate

The Iowa Natural Heritage Foundation (INHF) is seeking a full time Land Projects Associate. INHF is a statewide nonprofit organization that works to protect Iowa's natural resources and expand the conservation and recreation areas available for public enjoyment in Iowa. The Land Projects Associate will serve as a full time administrative assistant to the program staff. The Land Projects Associate will help coordinate and track land projects, prepare documents for land transactions and provide support in project fundraising and financing. For complete job descriptions and information on how to apply visit www.inhf.org.

Job Opening: Land Stewardship Assistant

INHF is also seeking a full time Land Stewardship Assistant to assist in restoration and protection of native prairie, oak savanna, woodland, wetland, fragile natural areas, trout streams, trails and additions to public conservation and recreation areas. The Land Stewardship Assistant will help with all aspects of Conservation Easement monitoring, hands-on management and restoration of INHF owned properties and serve as an essential part of INHF support team. For complete job descriptions and information on how to apply visit www.inhf.org.
