- ICEC 2011 Winter Solstice, January 21-23, 2011

From the Council...

A Natural Blast – Party and Fund Raiser for Iowa’s Environment

Please join us on June 17 for A Natural Blast! This fundraiser for Iowa’s Environment will be an evening full of friends, fun, food, and festivities. There will be a silent auction and dinner starting at 5pm, followed by music by Cousin Eddie (a self described Country Blues band, they also play a

little bit of everything including originals and crazy covers from The Gourds, Danny Barnes, Old Crowe Medicine Show, Dylan, Dead and Stones.) **Will you join me? The tickets are \$25 and you can get yours from me or call Barbra at 515-244-1194 ext. 202.** All proceeds benefit Iowa Environmental Council in partnership with Iowa’s Water and Land Legacy.

* * * * *

Events, Training and Activities

Workshops on community gardening/urban farming

June 11-13, call for exact times and locations

WHERE: (6/11)Des Moines, (6/12) Cedar Rapids, (6/12) Waterloo, (6/13)Marshalltown (call or email for exact locations) COST:Free - seating is limited, so please sign-up in advance **TO SIGN UP, OR FOR MORE INFORMATION:** Contact Hannah Lewis, NCAT Midwest Regional Office Director, hanahl@ncat.org, 877-327-6379 (toll free) or 515-288-0460

Andy Pressman, a sustainable agriculture specialist for the National Center for Appropriate Technology (NCAT) office in Shavertown, Penn., will tour Iowa, discussing how communal gardens help spur neighborhood interaction and development, transform weed-covered lots into green space, and conserve

resources. The half-day workshops in Des Moines, Cedar Rapids, Marshalltown and Waterloo, which are free and open to the public will include a presentation over topics ranging from pest control to soil remediation.

G.R.A.S.S. (Great Race Against Shrubs and Shade)

June 4, Castana

9:00 a.m., June 4, meet at the parking lot for the Loess Hills Wildlife Management Area, 178th St. and Oak Ave., (rural) Castana, IA (also used for the Loess Hills Prairie Seminar). See directions, map, and additional program information at: http://www.nwaea.k12.ia.us/en/upcoming_events/loess_hills_seminar. G.R.A.S.S. Contact: Doug Chafa, Wildlife Management Biologist, Iowa DNR, IA, 712-420-2437, doug.chafa@dnr.iowa.gov. This half-day conservation effort was first organized by Jean and Chad Eells, this is now organized annually by the Iowa DNR as a pre-Loess Hills Prairie Seminar event. It attracts many volunteers and the interns of conservation organizations. Those who participate make a well-recognized, significant contribution to prairie management. Be sure to bring sunscreen, bug spray, and water as well as loppers and hand saws if you have them. Also, wear sturdy shoes and gloves.

Environmental Management Systems Group Workshop

June 30, Amana Colonies

If you are interested in greenhouse gas reduction, energy efficiency, or Environmental Management Systems, join us on June 30, 9 a.m. to 4 p.m. at the Clarion Inn Amana Colonies. Cost is \$28 and includes lunch. Iowa DNR Pollution Prevention Services has brought together experts from IDNR Air Quality, EPA Region 7 and our team, as well as the Iowa Waste Reduction Center and the Iowa Department of Economic Development's Business Assistance Team to provide a forum for EMS information, resources and networking. This workshop seeks to establish an on-going EMS Industry Group to provide information and support to Iowa organizations interested in sustaining or developing an EMS. Future workgroup meetings will provide information on various topics to build continuous improvement, reduce your impacts and save your facility money. The agenda, flyer and registration form are located at <http://www.iowadnr.gov/waste/p2/workshops.html> .

River Run Garbage Grab

August 14, Central Iowa

This 9th annual clean-up of the Des Moines and Raccoon Rivers begins at all sites at 9a.m. on August 14. This event allows volunteers the opportunity to remove trash from the river or along its adjacent trails. Paddlers, rowers, power boaters, walkers, hikers, bicyclers, mountain bikers, birders, etc are all welcome! Want to participate on the river but don't have a canoe? Sign up for any of our land-based clean ups! In an effort to reduce unnecessary waste we are not providing bottled water this year so volunteers will need to bring their own water bottles to their event. Join our riverfront celebration at 6 p.m. This year we are going all out with a big celebration at the Izaak Walton League Lodge where live entertainment and food will be provided FREE for volunteers. Music provided by Community Jazz Center Big Band. Door prizes will be given away. To learn more and to register, go to <http://www.riverstewards.org> and click on "register now." There you'll find a map. The blue balloons on the map are where on-the-water clean-up crews will start and the green balloons are where land clean-up crews will begin.

Iowa River Call: Connecting Fourth Graders to Their River

What better way to teach children the importance of protecting watershed than to let them fall in love with their own Iowa River? That was the mission behind Iowa River Call's first-annual river experience field trip at River Junction Access in Johnson County. Fourth graders from Hills and Twain Elementary Schools in Iowa City each spent a day experiencing the ecosystem at the edge of the river, through stations that engaged them with science, history, music, storytelling, and physical activity. The response? Affirmative! As one teacher reported the day after, "The kids can't stop talking about all of the many experiences they had." Iowa River Call will expand its focus to at least two more communities along the Iowa River next year, and we are actively soliciting volunteers for site leaders and the support team. Not from the Iowa River watershed? Start your own fourth-grade river experience! We'll be glad to share what we've learned. Contact Chris Vinsonhaler at chris-vinsonhaler@uiowa.edu for more information or to volunteer. Read about the event at [Blue Planet Green Living](#).

EPA Launches New Web Tools to Inform Public about Clean Water Enforcement

EPA is launching a new set of web tools, data, and interactive maps to inform the public about serious Clean Water Act violations in their communities. Improving water quality is one of EPA Administrator Lisa P. Jackson's priorities and in 2009, Administrator Jackson directed the agency to develop concrete

steps to improve water quality to better enforce the Clean Water Act and to use 21st Century technology to transform the collection, use and availability of EPA data. The web tools announced are part of EPA's Clean Water Act Action Plan to work with states in ensuring that facilities comply with standards that keep our water clean. The new web page provides interactive information from EPA's 2008 Annual Noncompliance Report, which pertains to about 40,000 permitted Clean Water Act dischargers across the country. The report lists state-by-state summary data of violations and enforcement responses taken by the states for smaller facilities. The new web page also makes it easy to compare states by compliance rates and enforcement actions taken and provides access to updated State Review Framework reports. Interactive Map for Clean Water Act Annual Noncompliance Report:

www.epa-echo.gov/echo/ancr/us/.

State Review Framework: www.epa.gov/compliance/state/srf/index.html

Enforcement and Compliance History Online: www.epa-echo.gov/echo.

Iowan Wins Seat on Sierra Club's National Board of Directors

The Sierra Club Iowa Chapter proudly announces that Donna Buell of Spirit Lake has been elected to the national Sierra Club's Board of Directors. She becomes the first Iowan ever to serve on the national board. Buell has served in various capacities with the Sierra Club at the local, state and national level. In 2006, she organized the Prairie Lake Group that encompasses Buena Vista, Clay, Dickinson, Emmet, O'Brian, Osceola, Palo Alto and Pocahontas counties and served as its chair. Elected to the chapter executive committee, Buell has served as the chapter treasurer since 2008. Nationally, she currently serves as Budget Officer of the Council of Club Leaders Executive Committee and on the National Finance and Risk Management Advisory Committee. A volunteer for the environment for the past 20 years, Buell also served as a member of the Iowa Environmental Protection Commission from 2003 to 2007 as an appointee of then-Governor Tom Vilsack.

Iowa Policy Project Report: Making Residential Energy Efficiency Accessible to Low-Income Iowans

This Iowa Policy Project report details the great need to increase energy efficiency among low-income Iowans: One fifth of low-income Iowans account for one-third of residential greenhouse gas emissions, because they often live in older homes with older appliances. These factors contribute to unaffordable energy bills for low-income Iowans: On average, low-income Iowans spend 13% of their income on home energy costs, compared to non low-income Iowans who spend an average of 3%.

See the exec summary, 2 pages: <http://www.iowapolicyproject.org/2010docs/100506-EEResAccess-xs.pdf> or full report, 12 pages: <http://www.iowapolicyproject.org/2010docs/100506-EEResAccessW.pdf>.

Iowans Riding in Slovenia to Share Sustainable, Clean Energy Ideas

The Green Bike Tour will be back on the road June 5-11 to promote renewable energy, this time in Slovenia. A team of four Iowans will join a local environmental expert to ride bicycles to renewable energy sites and to meet with public officials and scholars, starting June 5 near the Italian border and proceeding through a branch of the Alps and back over a week. The solar-panel-equipped bicycles will power laptops that the cyclists will use to relay information about the tour. Learn more and follow the riders' experiences at <http://greenbiketour.blogspot.com/> and <http://www.greenbike.org>. The team includes David Osterberg and Joe Bolkcom from the University of Iowa, John Moreland of Sen. Tom Harkin's staff, and Edward Woolsey, a renewable energy entrepreneur from Prole, Iowa. Also riding will be Professor Mladen Franko of the University of Nova Gorica in Slovenia.
