Please join us on June 17, in Des Moines, for A Natural Blast! This fundraiser for Iowa's Environment will be an evening full of friends, fun, food, and festivities. There will be a silent auction and dinner starting at 5pm, followed by music by Cousin Eddie, a self described Country Blues band, they also play a little bit of everything including originals and crazy covers from The Gourd's, Danny Barnes, Old Crowe Medicine Show, Dylan, Dead and Stones.

All proceeds benefit Iowa Environmental Council in partnership with Iowa's Water and Land Legacy (IWILL). IWILL is a coalition of environmental groups working together to establish a trust fund for the protection of Iowa's natural resources.
